Work Experience

Research and Administrative Assistant

Richmond, BC, Canada

Institute for Sustainable Food Systems

Sept 2022 - Present

- Approved for project (farm business incubators) grant valued at \$4438.00 after application within short timeframe (2 weeks).
- Reduced 40% expected work time (10 -> 6 hours) by using a web-scraping extension to gather 120+ retailer information.
- Increased website visibility by publishing ~4 links after receiving approval to publish new content from research data.
- Raised social media impressions by using Meta Business Suite and Twitter to post events and acknowledgements.
- Expedited research process through the transcription of ~10 stakeholder interviews and summary of ~10 research journals.

Student Consultant for Strategic Opportunities

Richmond, BC, Canada

Kwantlen Faculty of Health

Sept 2022 – Dec 2022

- Reporting to a former deputy minister of health and Island Health consultant, collaborated with a student developer to conduct research and create a comprehensive 6-page report in two weeks, detailing the most effective strategies for the faculty to communicate student opportunities resulting from the opening of a new hospital.
- Attempted to alter the faculty's communication strategy using the results of a conducted survey and report recommendations along with a presentation to ~30 key stakeholders (deans, professors, nurses, and managers).

Dietary Aide

Richmond, BC, Canada

Courtyard Gardens - Verve Senior Living

May 2020 – Sept 2022

- Collaborated with chefs, and servers in order to fulfill requirement of food delivery to 13 tables of 52 guests all at once.
- Communicated order dissatisfaction, memorized names, and food preferences to ensure high-quality customer service.

Leadership Experience

Founding Partner

Richmond, BC, Canada

Poncho's Tacos (Food Stand at the Richmond Night Market)

Sept 2022 – Present

- Conceptualized idea with the collaboration of 4 partners to meet starting rent expense requirements (~\$24,500).
- Processed 200 QuickBooks transactions to reveal break-even within 50% of first year total operational time (3 of 6 months).
- Contributed to revenue of \$88,000 after: researching multiple recipes, drafting partnership agreements, registering for licenses and trade names, responding to frequent emails, attending multiple pop-up events, and catering.

Volunteer

Richmond, BC, Canada

Richmond Food Bank

Sept 2022 – June 2023

- Built a dashboard that allowed management to identify a low sign-in and sign-out rate (~7000 of 22000 expected hours).
- Converted ~100 paper pages to 10,000 cells of data and used VLOOKUP, Pivot Tables, Data Validation to create charts.

Personal Projects

Website (On-going): Learning HTML, CSS, and JavaScript in order to design and build my own website that will include a link to my resume, a personal blog.

- Installed Git, GitHub, and Visual Studio Code; Set-up GitHub Pages, Student Developer Pack, and a public repository.
- Added 100 lines of code, and 5 files to be committed to repository.
